1 The design and analysis of a cache architecture for texture mapping
Ziyad S. Hakura, Anoop Gupta
May 1997 ACM SIGARCH Computer Architecture News , Proceedings of the 24th annu architecture, Volume 25 Issue 2
Full text available: pdf(2.10 MB) Additional Information: full citation, abstract, references, citin

The effectiveness of texture mapping in enhancing the realism of computer gener real-time texture mapping a critical part of graphics pipelines. Despite a recent su graphics from computer architects, high-quality high-speed texture mapping has s systems that use brute-force techniques to achieve high performance. One obstac systems is the requirement ...
